EXPLORE

"Each student develops a research project before studying abroad. My favorite part was when I got to present my topic about the Greek Olympics at the Parthenon in Athens."

-Molly Christophersen, Senior

"During study abroad we enjoyed a variety of experiences such as visiting museums, tours of the island of Lesbos and mainland Greece, cooking lessons, painting, and making pottery. However, my favorite part was working with children in the refugee camp."

-Elizabeth Kellogg, Senior

Program Dates: 5/14/2017 - 6/21/2017
